No, not on this one. So little data that just about anyone will do as a reviewer.

Jason,

I have sent this on to STSC for processing. Do you have specific expertise needs for your external review? Thanks.

Hey Teresa,

Although this assessment is for FY17, could you process this one as soon as possible for external peer review. This is the one that I was trying to fast track for California/R10 but because of the FY16 crush I had to back-burner this one for several weeks. I have attached a track changes copy that has both internal reviewer's comments/edits integrated and

my corresponding revisions; the other copy is just the cleaned up version. I have also attached my internal review comment reco memo. If there is anything else needed to get this moved out to EPR let me know. Thank you

P.S. Please note to the editors that I left a specific comment bubble in for them to think about. I have a wonky situation with citing a particular entry in Table 2.
